

To: All Parents / Guardians

Please can you make sure you accompany your child in the changing rooms at the Rezza, and the male changing rooms at Dudley Leisure Centre (it does not apply for females at Dudley Leisure Centre, as there are individual cubicles available).

If you can't accompany your child while they get dressed/undressed and the changing rooms are occupied please use the disabled changing rooms if they are not in use, as obviously we don't want the juniors to get cold after they have got out of the water.

It is also up to adult members to be in charge of their own welfare, and if a junior member enters the changing rooms while you are in a state of undress, and you are alone please ask them politely to either go and get their responsible adult to accompany them, or wait until you have finished changing, or use the disabled changing room.

Thanks

Welfare Officer
